

COMPANY PROFIL

PT BANGUN SELARAS UTAMA

Jl. Pedurenan No 6 Mustika Jaya Kota Bekasi
Phone: 021-8265-0259
www.bsutama.com

BSUTAMA is a privately held corporation dedicated to serving the telecommunications industry by providing 'one-stop solutions' to meet the diverse range of sophisticated business network and communications needs.

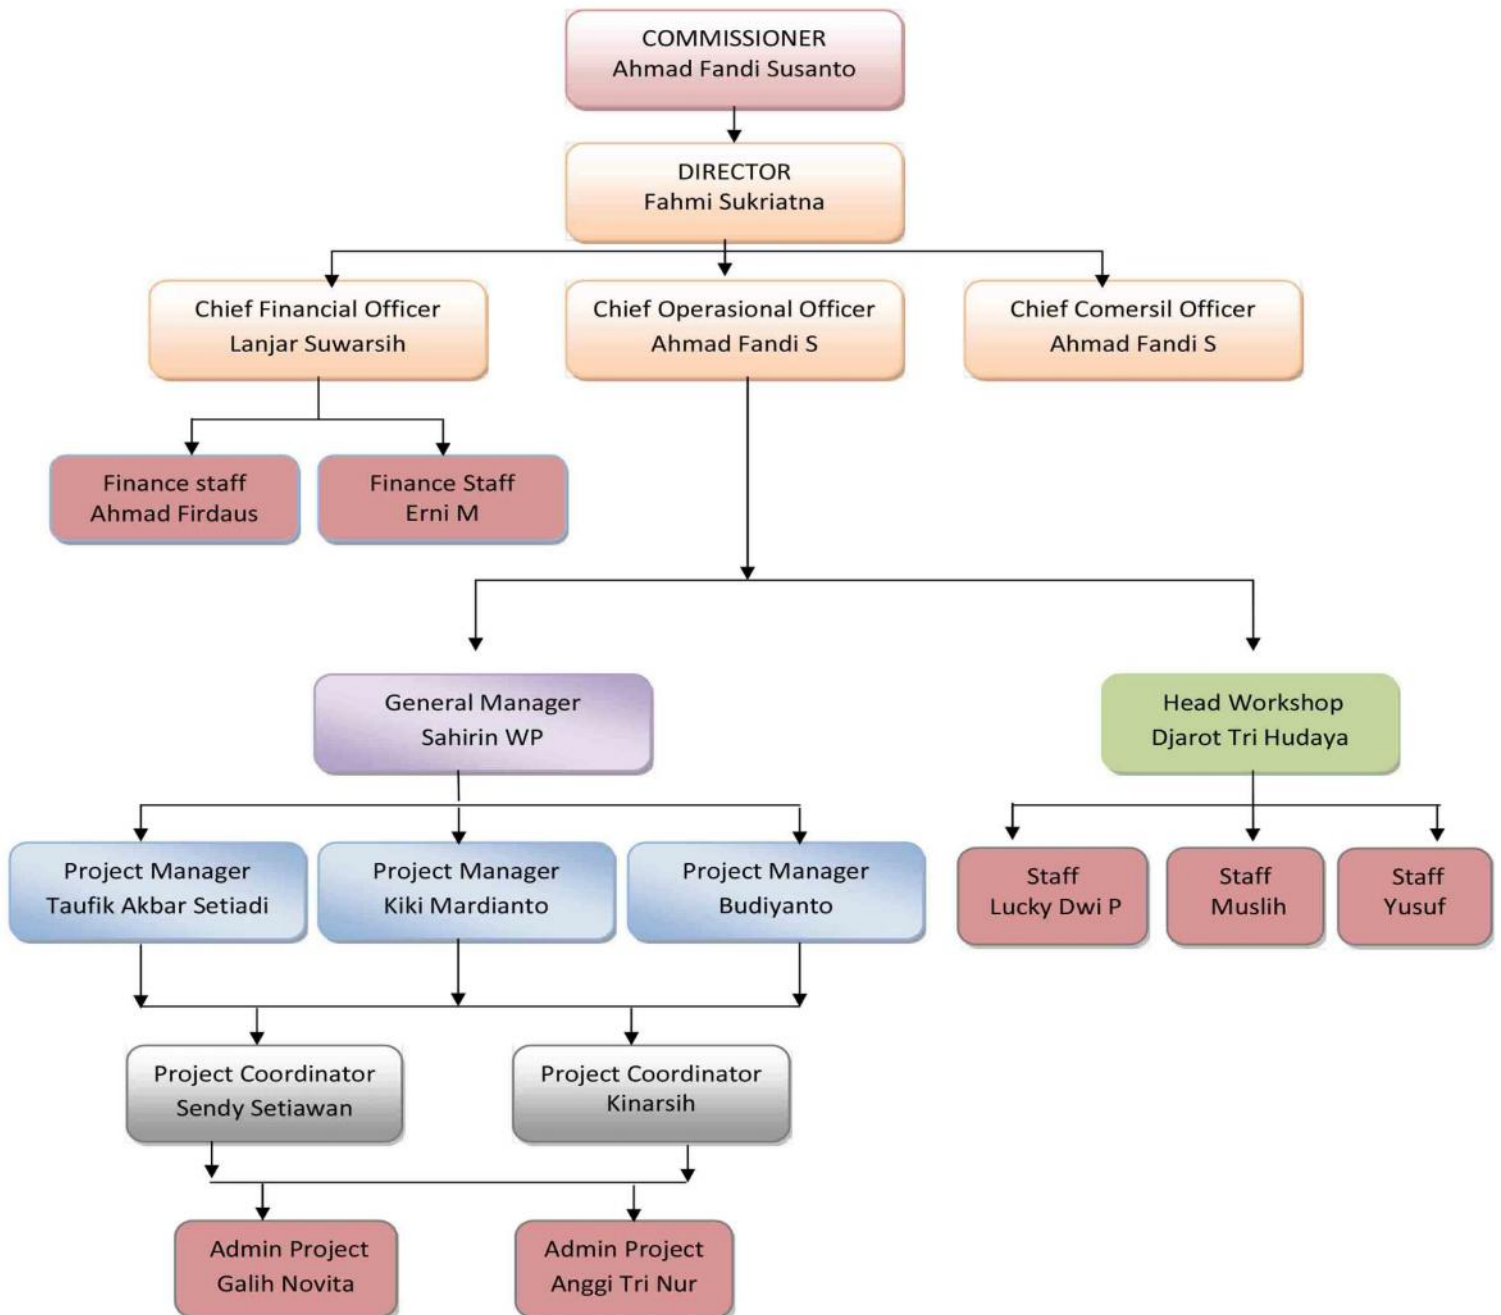

BSUTAMA initially started off as an infrastructure and communications network system integrator. The company soon expanded into wireless Engineering Services. With a mission to become the Engineering Services Provider.

BSUTAMA focuses its business activities in a spectrum of telecommunication engineering services. These services range from supplying, implementing, testing and commissioning. Commitment to our customers, coupled with technical knowledge and understanding of both their industry and their requirements, have proven our ability, reputation and success in delivery.

BSUTAMA believes the key to success is to deliver quality of work. In order to keep continuous business relations with the customers, the company aims to promote our capabilities and expertise to offer engineering services for wireless and possible wireline vendors and operators in Indonesia. In continuing growth of telecommunication developments in Indonesia and in optimizing the utilization of high skilled manpower.
